Bill,

To incorporate the new paperwork, EASA STC EASA.IM.R.S.01303 has now been issued for the Dart 204/205 skidtubes.

This approval will replace the LBA approval that we currently have in place.

Kim,

Please release on an ECN. I have reviewed the amended approval and EASA has fixed the errors that I found the first time around.

Make sure the Foreign Approvals section of the PDS gets updated. Kits in stock should be updated.

David
